

Dear Marcus,

We just wanted to thank you for the excellent, excellent menu you provided for our August 28 wedding. I didn't speak to a single guest who didn't rave about it. They all said it was the best food they've ever eaten at a wedding. The filet, crab cakes, Salmon — it was all just perfect. It was the best decision we made in all our wedding plans. Not only were you professional and easy to work with, but at the end of the day, I know we would have never gotten food this good anywhere else.

Thank you so much and please feel free to have future clients contact us, if they'd like to know about our experience with Culinary Creations.

Hope this finds you and your family doing well. I hope, too, that we'll have another occasion that you can cater sometime. In the meantime, I'll be sure to mention your excellent work to others around town.

Thank you and best wishes,

Mariana + John
