dear marcus,

thank you so much for being a part of our wedding, your food is exactly what i wanted and my guests loved it. i ate some leftovers the next morning and it tasted great, even cold!

your staff was incredible and so helpful, everything came together so nicely and i had no need to worry about a thing. i was able to relax and enjoy myself. i know you mentioned that you ran into some challenges but no one noticed a thing!

—thanks again, k & e
